Itinerary

10h30: Visit to the Historical Village of Monsanto - This village, considered as the most Portuguese Village of Portugal, rises itself in the top of the granitic Inselberg of Monsanto, going down through narrow and winding streets to the foothill. Besides the splendid granite houses, are highlighted as touristic attractions the Mercy Church, the Tower of Lucano, the Templar Castle, the anthropomorphic graves, among others.

13h00: Lunch in a Restaurant with typical gastronomy

14h30: Visit to Penha Garcia to enjoy the Footpath PR 3 IDN – “Fossils Trail” (+/- 3,5kms) with passage through the Community Oven, Castle and the Ichnological Park. Through this trail we will find traces that Trilobites left in this valley which, for 500 million years ago, was an ocean full of biodiversity
